## **GMB BULLETIN: NHS PAY 2021**

GMB, the Union for NHS Staff, continues to campaign for Pay Justice for all NHS Staff. After a decade of austerity, keyworkers in the NHS have lost out financially and warm words and claps will no longer suffice. Check to see **how much money you have lost** in real terms at:

[NHS worker? How much have you had pinched? | GMB](#)

GMB has launched a **petition** to call on the Secretary of State for Health and Social Care Matt Hancock, to do the right thing and give NHS workers the pay they deserve. Please sign and share:

Thank you to everyone who took time to complete the third all member GMB **survey**. There was an overwhelming response and the data will now be collated and used as a part of GMB's submission into the Pay Review Body.

Thank you also to all those members who expressed an interest in being a GMB Representative and attended one of our **Workplace Representative Taster Sessions**. If you would like more information on getting involved in this campaign or being a GMB representative in your workplace, please speak to your local GMB representative or email [NHS@gmb.org.uk](mailto:NHS@gmb.org.uk)

## Health Unions Coordinated Campaign

GMB continues to work with other health trade unions to lobby government for an 'early and significant pay increase' in the form of a fully funded one year deal. We have not received a response from government to our request for them to meet us to negotiate this year's pay increase.

We have now heard NHS workers will be exempt from governments proposals to freeze public sector pay and that a remit will be given to the Pay Review Body to make a recommendation on pay. We still await for the formal remit letter to be issued.

Health unions are continuing to work towards a provisional timeline of 18<sup>th</sup> January 2021 for written submissions to be made to the PRB and the joint union submission is currently being finalised.

## Get Involved!

This is your pay campaign and we need you to get involved so we can secure pay justice for all NHS staff.
